**Three Strikes** Howard Zinn,Robin D.G. Kelley,Dana Frank,2002-09-16 Three renowned historians present stirring tales of labor: Howard Zinn tells the grim tale of the Ludlow Massacre, a drama of beleaguered immigrant workers, Mother Jones, and the politics of corporate power in the age of the robber barons. Dana Frank brings to light the little-known story of a successful sit-in conducted by the 'counter girls' at the Detroit Woolworth's during the Great Depression. Robin D. G. Kelley's story of a movie theater musicians' strike in New York asks what defines work in times of changing technology.

A People's History of the United States Howard Zinn,2003-02-04 Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

**A People's History of the United States** Howard Zinn,2015-11-17 THE CLASSIC NATIONAL BESTSELLER A wonderful, splendid book—a book that should be read by every American, student or otherwise, who wants to understand his

country, its true history, and its hope for the future. -Howard Fast Historian Howard Zinn's *A People's History of the United States* chronicles American history from the bottom up, throwing out the official narrative taught in schools—with its emphasis on great men in high places—to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, it is the only volume to tell America's story from the point of view of—and in the words of—America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As Zinn shows, many of our country's greatest battles—the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality—were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States* features insightful analysis of the most important events in our history. This edition also includes an introduction by Anthony Arnove, who wrote, directed, and produced *The People Speak* with Zinn and who coauthored, with Zinn, *Voices of a People's History of the United States*.

**A Young People's History of the United States** Howard Zinn, 2011-01-04 *A Young People's History of the United States* brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. *A Young People's History of the United States* is also a companion volume to *The People Speak*, the film adapted from *A People's History of the United States* and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of *A Young People's History of the United States* presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.

**La otra historia de los Estados Unidos** Howard Zinn, 1999

*Truth Has a Power of Its Own* Howard Zinn, 2019-09-03 American history told from the bottom up by Howard Zinn himself—and the perfect all-ages introduction to his eye-opening viewpoint, published on Zinn's hundredth birthday *Truth Has a Power of Its Own* is an engrossing collection of conversations with the late Howard Zinn and “an eloquently hopeful introduction for those who haven't yet encountered Zinn's work” (Booklist). Here is an unvarnished, yet ultimately optimistic, tour of American history—told by someone who was often an active participant in it. Viewed through the lens of Zinn's own life as a soldier, historian, and activist and using his paradigm-shifting *A People's History of the United States* as a point of departure, these conversations explore the American Revolution, the Civil War, the labor battles of the nineteenth and twentieth centuries, U.S. imperialism from the Indian Wars to the War on Terrorism, World Wars I and II, the Cold War, and the fight for equality and immigrant rights—all from an unapologetically radical standpoint. Longtime admirers and a new

generation of readers alike will be fascinated to learn about Zinn's thought processes, rationale, motivations, and approach to his now-iconic historical work. Zinn's humane (and often humorous) voice—along with his keen moral vision—shine through every one of these lively and thought-provoking conversations. Battles over the telling of our history still rage across the country, and there's no better person to tell it than Howard Zinn.

**Howard Zinn on History** Howard Zinn,2011-06-14 Howard Zinn began work on his first book for his friends at Seven Stories Press in 1996, a big volume collecting all his shorter writings organized by subject. The themes he chose reflected his lifelong concerns: war, history, law, class, means and ends, and race. Throughout his life Zinn had returned again and again to these subjects, continually probing and questioning yet rarely reversing his convictions or the vision that informed them. The result was *The Zinn Reader*. Five years later, starting with *Howard Zinn on History*, updated editions of sections of that mammoth tome were published in inexpensive stand-alone editions. This second edition of *Howard Zinn on History* brings together twenty-seven short writings on activism, electoral politics, the Holocaust, Marxism, the Iraq War, and the role of the historian, as well as portraits of Eugene Debs, John Reed, and Jack London, effectively showing how Zinn's approach to history evolved over nearly half a century, and at the same time sharing his fundamental thinking that social movements—people getting together for peace and social justice—can change the course of history. That core belief never changed. Chosen by Zinn himself as the shorter writings on history he believed to have enduring value—originally appearing in newspapers like the *Boston Globe* or the *New York Times*; in magazines like *Z*, the *New Left*, the *Progressive*, or the *Nation*; or in his book *Failure to Quit*—these essays appear here as examples of the kind of passionate engagement he believed all historians, and indeed all citizens of whatever profession, need to have, standing in sharp contrast to the notion of objective or neutral history espoused by some. It is time that we scholars begin to earn our keep in this world, he writes in *The Uses of Scholarship*. And in *Freedom Schools*, about his experiences teaching in Mississippi during the remarkable Freedom Summer of 1964, he adds: Education can, and should, be dangerous.

**Debunking Howard Zinn** Mary Grabar,2019-08-20 Howard Zinn's *A People's History of the United States* has sold more than 2.5 million copies. It is pushed by Hollywood celebrities, defended by university professors who know better, and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression, slavery, and exploitation. Zinn's history is popular, but it is also massively wrong. Scholar Mary Grabar exposes just how wrong in her stunning new book *Debunking Howard Zinn*, which demolishes Zinn's Marxist talking points that now dominate American education. In *Debunking Howard Zinn*, you'll learn, contra Zinn: How Columbus was not a genocidal maniac, and was, in fact, a defender of Indians Why the American Indians were not feminist-communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty, not white males' ill-gotten wealth

Why Americans of the “Greatest Generation” were not the equivalent of Nazi war criminals How the Viet Cong were not well-meaning community leaders advocating for local self-rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn’s bag of dishonest rhetorical tricks: his slavish reliance on partisan history, explicit rejection of historical balance, and selective quotation of sources to make them say the exact opposite of what their authors intended. If you care about America’s past—and our future—you need this book.

**Voices of a People's History of the United States** Howard Zinn, Anthony Arnove, 2011-01-04 Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation’s original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation’s true spirit of defiance and resilience.

Failure to Quit Howard Zinn, 2002 A selection of Howard Zinn's most popular and accessible essays on history and politics. In this lively collection of essays, now with a new afterword, Zinn discusses a wide range of historical and political topics, from the role of the Supreme Court in U.S. history to the nature of higher education today.

**The Historic Unfulfilled Promise** Howard Zinn, 2012-06-12 Howard Zinn's views on social movements, freedom, history, democracy and our own human potential are educational and transformative. In few places is his voice more clear and accessible than in the dozens of articles he penned for *The Progressive* magazine from 1980 to 2009, offered together here in book form for the first time. Whether encouraging people to organize, critiquing the government or speaking on behalf of working people who struggle to survive in an economy rigged to benefit the rich and powerful, Zinn's historical clarity, unflappable optimism and unshakable questions reverberate throughout *The Historic Unfulfilled Promise*: Have our political leaders gone mad? What kind of country do we want to live in? Has the will of the people been followed? *The Historic Unfulfilled Promise* is a genuine work of conscience, rich in ideas, charged with energy; an invaluable introduction for the uninitiated and a must-have for Zinn's fans. Passionate, iconoclastic, and wryly humorous . . . [Zinn] sometimes proves astounding in his almost clairvoyant analysis.—*Publisher's Weekly* Starred Review A sharp and insightful collection from one of the country's most visible historians and critics.—*Booklist* A useful introduction to one of America's great scholar-

activists.—Kirkus Reviews Howard Zinn's life and work are an unforgettable model, sure to leave a permanent stamp on how history is understood and how a decent and honorable life should be lived.—Noam Chomsky Proudly, unabashedly radical . . . Mr. Zinn delighted in debating ideological foes, not the least his own college president, and in lancing what he considered platitudes, not the least that American history was a heroic march toward democracy.—New York Times For Howard, democracy was one big public fight and everyone should plunge into it. That's the only way, he said, for everyday folks to get justic—by fighting for it.—Bill Moyers

**The Zinn Reader** Howard Zinn,2011-01-04 No other radical historian has reached so many hearts and minds as Howard Zinn. It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct, forthright, and accessible. Whether his subject is war, race, politics, economic justice, or history itself, each of his works serves as a reminder that to embrace one's subjectivity can mean embracing one's humanity, that heart and mind can speak with one voice. Here, in six sections, is the historian's own choice of his shorter essays on some of the most critical problems facing America throughout its history, and today.

Artists in Times of War Howard Zinn,2011-01-04 Political power, says Howard Zinn, is controlled by the corporate elite, and the arts are the locale for a kind of guerilla warfare in the sense that guerillas look for apertures and opportunities where they can have an effect. In *Artists in Times of War*, Zinn looks at the possibilities to create such apertures through art, film, activism, publishing and through our everyday lives. In this collection of four essays, the author of *A People's History of the United States* writes about why To criticize the government is the highest act of patriotism. Filled with quotes and examples from the likes of Bob Dylan, Mark Twain, e. e. cummings, Thomas Paine, Joseph Heller, and Emma Goldman, Zinn's essays discuss America's rich cultural counternarratives to war, so needed in these days of unchallenged U.S. militarism.

**The Politics of History** Howard Zinn,2012-08 This book presents a series of case studies and thought-provoking essays arguing for a radical approach to history and providing a revisionist interpretation of the historian's role. In a new introduction, the author responds to critics of his original work and comments further on the radicalization of history.
